

A simple form of potassium that is readily absorbed. Potassium is the principle intracellular electrolyte mineral that is vital for normal cell functioning. Supports the heart, arteries, muscles and kidneys, as well as being involved in the healthy functioning of the nervous system. Extracellular potassium is also required for nerve impulse transmissions, muscle contraction, and normal blood pressure.

Consult a Health Care Professional before taking this product if you are a pregnant or lactating woman, currently under medical care or are taking prescription drugs.

Do not accept if seal is broken. KEEP OUT OF REACH OF CHILDREN. Store in a cool, dry place. Do not freeze.
