

IonShield® is an advanced formula with a multi-targeted approach to antioxidant and free radical support.* Research shows that environmental and modern technological device exposures can promote oxidative stress and free radical production. IonShield® is a unique blend of antioxidants, botanically-grown medicinal mushrooms, herbal extracts and biologically-active nutrients formulated to support antioxidant protection against free radicals, against physiological disruptions, and healthy immune and cellular energy functions.*

- Supports Antioxidant Protection Against Free Radical Exposure
- Supports Cellular Energy Production
- Healthy Immune Function

IonShield® is Vegan/Vegetarian Safe
