

CONTAINS NO artificial colors, flavors, or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, crustacean shellfish or fish.

Natural **Beta-Carotene** is well documented for its antioxidant properties which help protect the body from the damaging effects of pollution, aging, and the environment. Our product is derived from the marine algae, *Dunaliella salina*, and provides 15 mg of 100% natural beta-carotene. Cultivated in only the cleanest Australian waters, *D. salina* offers a rich mixture of carotenoids, not found in synthetic beta-carotene.†

Note: The two-toned color is normal and is due to the naturally occurring solid particles which carry the beta-carotene.
