

VESISORB® 6X BETTER ABSORPTION

Ultimate OmegaChoice® PLUS is formulated with supercritical CO₂ extracted fish oil concentrate providing 480 mg DHA per serving. Astaxanthin is a super antioxidant 500 times more powerful than vitamin E. Vitamin D₃ is essential for promoting bone health.* Recent scientific discoveries show every cell in your body needs vitamin D for your optimal well-being.

The patented VESIsorb® colloidal droplet delivery system dramatically improves absorption and bioavailability of DHA Omega-3, astaxanthin and vitamin D₃ in the body.* Higher absorption translates into optimal support for the cardiovascular system, healthy lipid metabolism, joint function, skin health, and vital antioxidant defense against oxidative stress.*

The American Heart Association recommends omega-3 to help support cardiovascular health.*

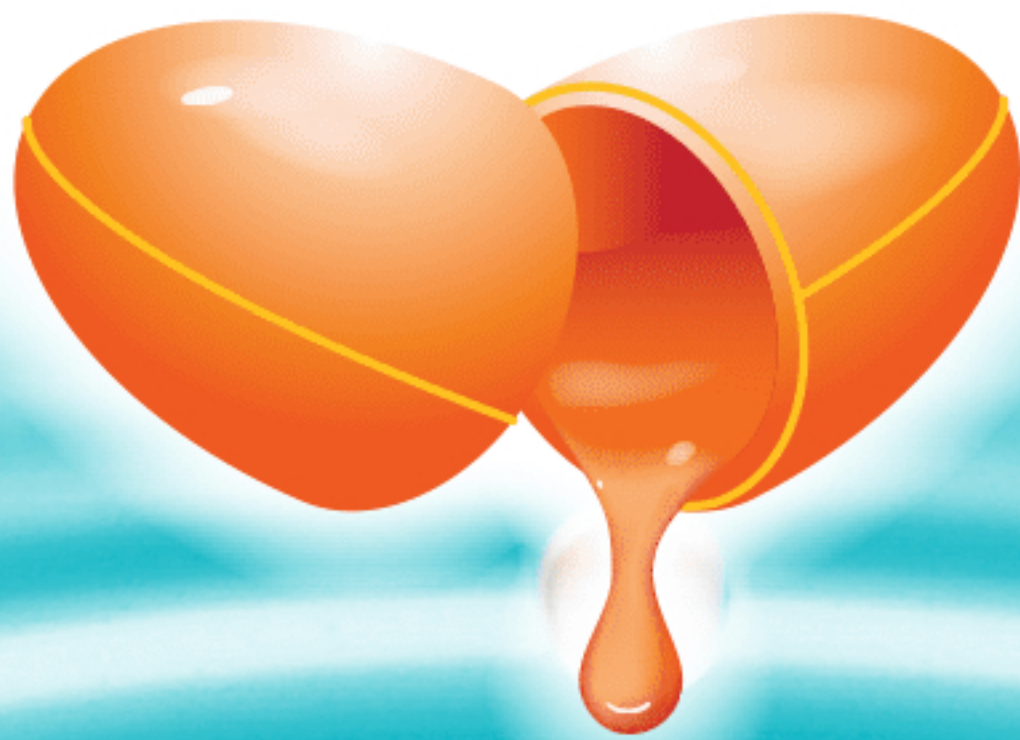

Supportive but not conclusive research shows that consumption of EPA and DHA omega-3 fatty acids may reduce the risk of coronary heart disease.

VESIsorb® is GREEN TECHNOLOGY.
