

BUILD MUSCLE, RECOVER FASTER AND INCREASE STRENGTH WITH BIO-GRO™!

BIO-GRO utilizes BIO-PRO® Bio-Active Peptides (BAPs) which are cleaned protein fragments extracted from the highest grade bovine colostrum. The first ever to utilize a highly-concentrated form of BAPs, BIO-GRO signals the body to amplify the muscle protein synthesis process, and as our clinical studies have shown, help you to recover faster, gain strength, and develop lean muscle more efficiently after intense workouts.*

To best amplify protein synthesis, use BIO-GRO twice daily as listed.
