WCF is an exclusive scientific formulation consisting of herbal and natural ingredients that have been used in the medicine of many cultures that can help maintain healthy cholesterol levels already within normal limits. This product contains **Gugulipid Standardized Extract** that may exert biological effects by inhibiting cholesterol biosynthesis and modify cholesterol metabolism.

Tocotrienols may help reduce the production of serum cholesterol by inhibiting an enzyme in the liver that produces cholesterol. **Plant Sterols** may help by competing with cholesterol for absorption in the small intestine. **Cranberry Extract** may help improve circulation by increasing the level of HDL or good cholesterol. **Mixed Fruit Pectin** may help lower cholesterol by binding with fats and heavy metals. **Flax Seed** contains **Omega 3s** and antioxidants that can have a beneficial effect on serum cholesterol and may also protect the cardiovascular system. **Fenugreek** can help support healthy blood sugar and serum cholesterol levels. **Cayenne** may help regulate cholesterol and lipid levels. *
