

43% Better Absorption*

Chondroitin sulfate is a critical component of cartilage, responsible for its shock and compression absorbing properties. Mythocondro® is the first non-animal, vegan Chondroitin Sulfate in the market produced through fermentation. Mythocondro Chondroitin Sulfate was clinically shown to be 43% more bioavailable as compared to bovine chondroitin sulfate and effective at 600mg daily dosage for joint comfort and mobility.*
