Our Pure Glutamine is the highest quality glutamine available, giving you ultimate results. It has no fillers or additives and is micronized for easy mixing.**

Glutamine is produced in the muscles and is the most abundant amino acid in the body. It is important for many bodily functions including protein synthesis and immune function.** The body is likely to go into a catabolic state if more glutamine is used than is produced, thus making it crucial for the supplement regimen of any high intensity sport.**

DIRECTIONS: Take one (1) scoop two to three times daily. Optimal times are upon awakening, pre and post workout. Mix with your choice of beverage.

WARNING: Consult a physician prior to use if you have any medical conditions. Do not use if pregnant or lactating.

KEEP OUT OF REACH OF CHILDREN.
