### The Worlds Finest Amazon Açaí Products

Since 2005 Amazon Thunder has been creating the worlds purest açai products made with organic and kosher açai. Introducing Açaí Thunder Caps, the purest açai available in freeze dried powder form made with organic and kosher certified açai.

To ensure the highest quality of açai powder in the world our berries are frozen immediately after harvesting and then immediately turned into pure rich dark purple freeze dried powder. It takes ten kg of our açai pulp puree to make just one kg of our freeze dried açai powder.

Our açai freeze dried powder capsules are made with organic açai berries, they are also kosher certified and sustainably harvested.
