

Iron is an important component of hemoglobin, the protein that carries oxygen from the lungs to all tissues of the body and promotes iron rich blood. Iron promotes normal red blood cell production and supports energy utilization. This formulation provides an advanced, patented form of iron that is gentle on the stomach.*

†Some iron supplements cause gastrointestinal irritation and constipating effects. This unique form of chelated iron (iron bisglycinate) is formulated for enhanced absorption and is gentle on your system. US Patent No.'s 6,706,904 and 6,716,814 licensed by Albion International, Inc.

Carefully Manufactured by:
Solgar, Inc., 500 Willow Tree Road
Leonia, NJ 07605 U.S.A.
