Western science has identified less than 3% of the medicinal plants that grow in the Amazon Rainforest. Yet drugs derived from just these plants account for 25% of the Western medicine's pharmacopoeia, including some of the most potent medications known. Imagine what health miracles await us in the remaining 97%!

Amazon Thunder Elixa da Vida comes from the deep rainforest jungles along the Amazon basin. Key among these botanicals is a legendary secret recipe known among the Amazon's indigenous peoples and tribal healers as "Elixa-da-Vida" - the "Elixir of Life".

Our Elixa da Vida freeze dried powder is made with organic freeze dried Elixa Da Vida powder, is fair trade compliant, kosher certified and sustainably harvested.
