The World's Finest Amazon Rain Forest Graviola

Western science has identified less than 3% of the medicinal plants that grow in the Amazon Rainforest. Yet drugs derived from just these plants account for 25% of the Western medicine's pharmacopoeia, including some of the most potent medications known. Imagine what health miracles may await us in the remaining 97%!

Graviola, also known as soursop, comes from within the deep Amazon jungle regions of Brazil. Its various parts, including the leaves, stem, roots, fruit, seeds, and bark, have been used for centuries by Amazon natives to treat various ailments. Most of the benefits are safely derived from the leaves, stem and the fruit in proper balance. Amazon Thunder is the first and only company to make pure Graviola capsules using Organic and Kosher certified freeze dried Graviola leaves, fruit and stem of the highest quality balanced in proper proportion.

Our Graviola freeze dried powder capsules are made with organic freeze dried graviola leaves and fruit. Our Graviola is kosher, fair trade compliant and sustainably harvested. Visit us on the web at www.amazonthunder.com for more information and to see all of our pure quality Amazon Rainforest wellness dietary supplements.
