Keep out of reach of children.

WLG Liver Balancer is an exclusive scientific formulation consisting of herbal and natural ingredients that have been used for centuries in Oriental and Ayurvedic Medicine to protect and cleanse the liver and gallbladder. **Milk Thistle Extract** contains 3 potent liver protective flavonoids known collectively as **Silymarin**. Silymarin has been shown to be effective against a wide range of chemical toxins. **Wasabia Japonica** is very different than the Wasabi normally consumed in the USA. It has been described as one of the world's rarest herbs and contains compounds 25 times more potent at inducing detoxifying enzymes than those found in cruciferous vegetables. The Wachters' Exclusive Blend of Sea Vegetation® is the key ingredient that makes this formula unique. *
