

Recommendation: As a dietary supplement, take one capsule with meals three times daily.

Do not use if safety seal is missing or broken. Keep out of reach of children. Store in a cool, dry place.

Warning: If you are pregnant, nursing, taking any medications, or experiencing health issues, consult your doctor before use.

L-Lysine is an essential amino acid that must be obtained through diet or through supplementation. L-Lysine is necessary for the production of all proteins in the body.* It is required for maintenance of the structural proteins collagen and elastin, which form all connective tissue such as skin, tendon, and bone.* L-Lysine is also a precursor to L-Carnitine, which is needed for fat metabolism and energy production.* In addition, L-Lysine may help to support a healthy immune system and proper cardiovascular function.*
