▲ Adequate hydration means more than just drinking water or consuming electrolytes, it requires a balance of both. When dehydration occurs, you will suffer a decline in performance. Staying hydrated during the day ensures you perform at your best. So whether you're an athlete or you simply want to stay hydrated throughout the day without the excess sugar and sodium, Balanced Hydration is for you.

▲ Athletes can support muscle function and reduce cramping with a balance of calcium, magnesium, and potassium.

▲ Balanced Hydration supplies electrolytes like potassium aspartate and calcium lactate with high rates of absorption.

Products that are designated "NSF Certified for Sport®" are rigorously tested to help ensure that they contain no banned substances, unlisted ingredients, or harmful impurities.
