## Equi-Fem™

Dietary Supplement For Women

126 TABLETS

**RECOMMENDATION:** Two (2) to six (6) tablets daily as a dietary supplement or as otherwise directed by a healthcare professional.

**WARNING:** Accidental overdose of iron-containing products is a leading cause of poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

**Caution:** Not recommended for pregnant women.

**KEEP OUT OF REACH OF CHILDREN**

Store in a cool, dry area.

Sealed with an imprinted safety seal for your protection.

NDC #55146-05305 Rev. 1/10

## Supplement Facts

Serving Size: 6 Tablets

Servings Per Container: 21

|                                                      | Amount Per Serving | % Daily Value | Amount Per Serving                                | % Daily Value  |
|------------------------------------------------------|--------------------|---------------|---------------------------------------------------|----------------|
| Item 1 (as natural food concentrate, 1:1 ratio)      | 10,000 IU          | 200%          | Molybdenum (from vegetable culture 1)             | 15 mcg 75%     |
| Item 2 (as magnesium ascorbate)                      | 1,500 mg           | 2,500%        | Potassium (as potassium chloride)                 | 80 mg 20%      |
| Item 3 (as zinc sulfate)                             | 400 mg             | 100%          | Choline (as choline bitartrate)                   | 100 mg 20%     |
| Item 4 (as 5-oxo-2-oxophenyl acetate)                | 100 mg             | 500%          | Inositol (from rice)                              | 20 mg 20%      |
| Item 5 (as pyridoxine)                               | 25 mg              | 44%           | PABA (para-aminobenzoic acid)                     | 25 mg 20%      |
| Item 6 (as thiamine mononitrate)                     | 25 mg              | 1,667%        | Coenzyme Q10                                      | 1 mg 20%       |
| Item 7 (as niacin)                                   | 25 mg              | 1,429%        | Citrus Bioflavonoids (from citrus fruit)          | 250 mg 20%     |
| Item 8 (as folic acid)                               | 25 mg              | 125%          | FRAC <sup>®</sup> (from rice)                     | 15 mg 20%      |
| Item 9 (as vitamin B12)                              | 25 mg              | 15,000%       | L-Tyrosine                                        | 50 mg 20%      |
| Item 10 (as vitamin C)                               | 300 mg             | 100%          | Sublime HCl                                       | 100 mg 20%     |
| Item 11 (as vitamin E)                               | 400 mg             | 100%          | Amylase (porcine)                                 | 20,000 NFU 20% |
| Item 12 (as vitamin K)                               | 65 mg              | 1,300%        | Protease (porcine)                                | 20,000 NFU 20% |
| Item 13 (as vitamin A)                               | 300 mg             | 100%          | Lipase (porcine)                                  | 1,000 NFU 20%  |
| Item 14 (as calcium carbonate)                       | 50 mg              | 500%          | Hypothalamic Adrenal Complex Concentrate (bovine) | 10 mg 20%      |
| Item 15 (as calcium citrate)                         | 125 mg             | 125%          | Lamb Pharyngeal Hypothalamus Complex (bovine)     | 10 mg 20%      |
| Item 16 (as calcium gluconate)                       | 10 mg              | 100%          | Ovarian Tissue (bovine)                           | 50 mg 20%      |
| Item 17 (as calcium lactate)                         | 25 mg              | 60%           | Uterine Tissue (bovine)                           | 50 mg 20%      |
| Item 18 (as magnesium ascorbate, magnesium stearate) | 250 mg             | 62%           | Superoxide Dismutase (from vegetable culture 1)   | 150 mg 20%     |
| Item 19 (as zinc gluconate)                          | 25 mg              | 167%          | Catalase (from vegetable culture 1)               | 150 mg 20%     |
| Item 20 (from vegetable culture 1)                   | 50 mg              | 71%           | Black Cohosh (Actaea racemosa) root               | 100 mg 20%     |
| Item 21 (as copper gluconate)                        | 2 mg               | 100%          | Dong Quai (Angelica sinensis) root                | 50 mg 20%      |
| Item 22 (as manganese gluconate)                     | 10 mg              | 500%          |                                                   |                |
| Item 23 (from vegetable culture 1)                   | 100 mg             | 83%           |                                                   |                |

1. Special grow, biologically active vegetable culture containing Phytochemically Bound Trace Elements™ and highly oxidized phytochemicals including polyphenolic compounds via 500 and catalase, dehydrated at low moisture to preserve associated enzyme factors.

\*Daily Value not established

Other Ingredients: Stearic acid (vegetable source), natural cellulose gum, food grade and magnesium stearate (vegetable source).
