Market America, Inc., 1302 Pleasant Ridge Road,
Greensboro, NC 27409, USA

[‡]CFU = Colony-forming Units

[†]Fibersol®-2 is a soluble dietary fiber produced by ADM/Matsutani LLC.

Directions for use: In the morning, 30 minutes before or two hours after your first meal of the day, take two Release capsules (from the blister pack). Also mix one rounded scoop (11.4 g) of Advanced Fiber Powder in an 8 fl oz glass of cold water, stir or shake briskly and drink immediately. At bedtime, consume the contents of one clear packet containing two HepatoCleanse capsules and two Release capsules.

Repeat this cycle for seven consecutive days, taking the fiber powder and capsules at the same time each day. NutriClean Release promotes emptying of the bowels; individual response varies. Should you experience a strong laxative effect or cramping, reduce the number of NutriClean Release capsules* to one in the morning and one in the evening.

* The NutriClean Release capsules are the darkly pigmented capsules in the blister pack (taken in the morning) and the clear packet (taken in the evening).

WARNING: This product contains rhubarb, buckthorn and Cascara sagrada. Read and follow directions carefully. **Do not use if you have or develop diarrhea, loose stools or abdominal pain because rhubarb, buckthorn and Cascara sagrada may worsen these conditions and be harmful to your health.** Consult your healthcare provider if you have frequent diarrhea. If you are pregnant, breastfeeding, taking medication or have a medical condition, consult your healthcare provider before using this product. Do not use this product if you are experiencing abdominal pain, nausea or vomiting. If you have gall bladder problems or have had your gall bladder removed, you should not use this product. If you are allergic to any of the ingredients in these three products, you should not use the NutriClean system. Individuals who are currently using or have recently discontinued use of warfarin (Coumadin) or other anticoagulant drugs should not use the NutriClean system. If you have scleroderma (systemic sclerosis), you should consult your healthcare provider before taking any type of fiber product. Consult your healthcare provider if you have experienced a sudden change in bowel habits that has persisted for two weeks prior to taking this product. Do not take this product more than once every six months. Rectal bleeding or failure to have a bowel movement after use of cleansing products may indicate a serious condition. If you experience these effects, discontinue use immediately and consult your healthcare provider. For adult use only.
