

WARNING: KEEP OUT OF REACH OF CHILDREN. Inform a healthcare professional before starting any dietary supplement, particularly if there is a known immune-compromised condition. If your infant develops an allergic reaction, such as a rash, itching, wheezing or hives, discontinue use and call your doctor.

When first taking a probiotic your baby's gut microbiome adjusts. Your baby may experience minor bloating, gas or intestinal gurgling which should subside with continued use. Consult your healthcare professional if symptoms continue after two weeks.
