

PROFESSIONAL USE ONLY
Not for resale on third-party websites,
including, but not limited to, Amazon® and eBay®.

DIRECTIONS: Toddlers 12 months through 3 years: 2 scoops, or take as directed by your healthcare practitioner. Mix thoroughly with food or liquid; do not mix with hot food or hot liquids.

Consult your healthcare practitioner prior to use. If the child is taking medication, potential interactions should be discussed with the child's healthcare practitioner. This product should be given to healthy children only and not children with immune challenges. Do not use if tamper seal is damaged.

ProbioMax® for Toddlers provides a comprehensive multi-strain combination of probiotics with 10 billion colony-forming units (CFUs) to help promote gut flora development, promote digestive health, and support immune function. Galacto-oligosaccharides (GOS)—prebiotics with a similar structure to those naturally found in breast milk—are included to promote the balance of gut microbiota towards more beneficial species.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

STORAGE: Keep closed in a cool, dry place out of reach of children.

DOES NOT CONTAIN: Wheat, gluten, soy, fish, shellfish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMOs), artificial colors, artificial sweeteners, or artificial preservatives.
