PROFESSIONAL USE ONLY

ProbioMax[®] Complete DF

DIRECTIONS: Take one capsule with water daily, or as directed by your healthcare practitioner.

Consult your healthcare practitioner prior to use. Individuals taking medication should discuss potential interactions with their healthcare practitioner.

ProbioMax[®] Complete DF is a vegetarian, gluten- and dairy-free blend of diverse, well-researched, identity-certified HOWARU[®] and FloraFit[®] probiotic strains totaling 45 billion CFUs per dose. Delivered in gastro-resistant capsules, this formula is targeted to support a healthy microbiome. Each strain is well-researched and identity-verified and has been genetically characterized and properly classified for safety and assurance. Nitrogen-purged blister packaging further assures the viability of these strains, which were not only selected for their health benefits and complementary actions but also for their viability and stability.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

STORAGE: Keep closed in a cool, dry place out of reach of children.

DOES NOT CONTAIN: Wheat, gluten, soy, animal or dairy products, fish, shellfish, peanuts, tree nuts, egg, artificial colors, artificial sweeteners, or artificial preservatives.
