Keep out of reach of children.

WV Vericare is an exclusive scientific formulation designed to support healthy veins. When the veins do not function properly, circulation can be hindered and blood can accumulate in the veins, expanding them. This formula contains **Troxerutin**, a natural flavonoid derived from Rutin extracted from the Japanese pagoda tree and has antiedemic, anti-inflammatory properties and may help maintain the strength of blood vessels. **Butchers Broom** can help relieve inflammation and encourage blood flow. **Garlic, Ginger** and **Cayenne** may help stimulate circulation. **Parsley** can help relieve fluid retention. **Horse Chestnut** and **Gotu Kola** may strengthen blood vessels and help reduce capillary fragility and swelling. The Wachters' Exclusive Blend of Sea Vegetation® is the key ingredient that makes this formula unique *
