BCAA & ELECTROLYTES

USE & MIXING INSTRUCTIONS

- Mix one serving into 16 oz of cold water either before, during, or after exercise (up to 3 servings a day). On non-exercise days, take one serving.
- Contents sold by weight, not volume. Some settling may occur.

MYOPLEX HERITAGE

In 1995, after years of research into the science of nutrition and muscle retention, EAS developed Myoplex®. It proved so effective, it quickly became known as the go-to supplement for building new muscle and recovering from workouts. Today, Myoplex is still one of the most trusted, high-performance supplements available. And building on this history of safe and proven innovation, the 2015 Myoplex line of nutrition products can help you reach your ultimate fitness goal. Again and again.
