

Ester-C® Plus is exclusively formulated by Solgar® and provides a unique, pH neutral (non acidic) Vitamin C that is gentle on the stomach. The Vitamin C metabolites in Ester-C® positively impact the retention of Vitamin C in cells, providing additional benefits. A special manufacturing process is employed to form a unique calcium ascorbate metabolite complex. This well-retained complex yields beneficial antioxidant and immune system support and incorporates natural bioflavonoids and acerola berry along with rose hips fruit powder.*

WARNING: This product contains a chemical known to the State of California to cause birth defects or other reproductive harm.

Carefully Manufactured by:
Solgar, Inc., 500 Willow Tree Road
Leonia, NJ 07605 U.S.A.
