No. 20 is an exclusive scientific formulation consisting of Coenzyme Q10, combined with herbal and natural ingredients that can aid circulation, stimulate the immune system, increase tissue oxygenation and benefit the cardiovascular system. As we age, CoQ10 levels begin to drop and by the time we reach middle age some of us may have as little as 20% of the CoQ10 levels we had in our twenties. The human body cannot function without Coenzyme Q10. The Wachters' Exclusive Blend of Sea Vegetation® is the key ingredient that makes this formula unique. *
