

4X THE POWER... NATURALLY.

ALPHAMAN is the most potent All Natural Hormone Optimizer on the market. It's specially formulated to help boost anabolic drive, increase muscle, decrease body fat, and boost energy by optimizing testosterone, GH, IGF, and DHEA levels, all while preventing the conversion of testosterone to estrogen and DHT.*

4X'S POWER: First, with the inclusion of DHEA, it works as a precursor hormone creating an optimal homeostasis for the highest possible amount of free testosterone in the body. Second, **ALPHAMAN** works to lower unwanted estrogen and the enzymes that convert testosterone to estrogen. Third, it nullifies the hormone DHT, a by-product of Testosterone that causes baldness and acne. Fourth, it attaches and sterilizes the protein SHBG (Sex Hormone Binding Globulin) which binds to testosterone and renders it useless. This leaves you with the most powerful surge of free testosterone in the body which will support exponential gains in lean muscle, performance, vitality and libido!
