DIRECTIONS: This product is as easy to prepare as making a cup of tea. (1) Shake can before each use. (2) Put two teaspoons of the powder in a cup and fill 1/2 with boiling water. (3) CalMac will begin to fizz. (4) Stir until the liquid is clear. (5) Fill the rest of the cup with fruit juice, cold water, or add on herbal tea bag. Keep container tightly closed in a cool, dry place, out of children's reach. **SUGGESTED USE:** 1-2 servings per day.

This product is sold by weight, not by volume. Some settling of its contents may have occurred during shipment and handling.

NUTRINA[®] Dietary Supplement

INSTANT CALMAC[™]

**FAST-ABSORBING
CALCIUM AND
MAGNESIUM
IN A 1:1 RATIO**

*Sport
Formula
with Vitamin C*

NET WEIGHT: 5 OZ (142 GR)

CALMAC[™] SPORT is a mineral drink-mix supplement with an equal amount of calcium and magnesium. Active adults, women or anyone over the age of 40 can benefit from its extract magnesium in CALMAC[™] SPORT. Because of its slightly acid natural formulation, the calcium and magnesium powder dissolve into ions which move swiftly into the system as usable minerals.

Try CALMAC[™] SPORT to relax after a stressful or hard day of work, or before and after exercise. It makes a great ready-for-bedtime drink when you add some juice from oranges or apples, or a bag of your favorite herbal tea. CALMAC[™] SPORT is ideal to remineralize bone, or wherever calcium or magnesium are called for.

CALMAC[™] SPORT works by releasing mineral ions that cross the stomach wall rapidly by diffusion. CALMAC[™] SPORT does not form insoluble deposits of calcium in the stomach. The powder contains no instantizers, preservatives, artificial flavors or color. It is a safe product for both children and adults.*
