Directions: As a dietary supplement, for infants under 12 months of age, give one serving daily or as directed by your pediatrician. May be placed directly on mother's breast or on a clean surface, finger or pacifier. May also be mixed with other liquids such as milk, juice or water. For children 12 months old and older, and for more customized recommendations for all ages, consult your pediatrician. Not to be combined with other products providing vitamin D. Shake well before each use. Use before expiration date.
