

SUGGESTED USE Consume one or more capsules before or during a meal, based upon the digestive burden of that meal. To determine the digestive burden of a meal, consider its overall size, as well as its protein, fat and complex carbohydrate content. As with any dietary supplement, this product is most effective as part of a healthy diet and active lifestyle, along with a daily multi-vitamin-mineral formula. **For questions about the use of this product call 800.808.7311.**

DIGEST ASSURE™

COMPLETE DIGESTION FORMULA
ENZYMES FROM VEGETARIAN SOURCES

DIETARY SUPPLEMENT

360 Easy-to-Swallow Capsules

Andrew Lessman's DIGEST ASSURE is a mild, natural food supplement designed to support and enhance our body's normal digestive processes. **Digest Assure** contains a comprehensive, balanced blend of enzymes to help our body digest and benefit from the diverse and very complex foods we eat. Unlike most digestive enzyme products, which are derived from pig, ox and beef bile, **Digest Assure's** enzyme blend is entirely produced from natural, vegetarian sources. Its active ingredients are balanced to help our bodies break down the macronutrients (proteins, carbohydrates and fats) we consume into smaller molecules that can be absorbed to nourish and benefit our body. Macronutrients make up the greatest portion of our diet, and when broken down by our natural *Protease*, *Amylase* and *Lipase* enzymes, they can be used to provide our body with the structural components it requires, as well as fuel to produce energy. In addition to these three important enzymes, **Digest Assure** also contains *Cellulase* to aid in fiber digestion, *Lactase* to break down dairy products, as well as natural *Papain* and *Bromelain* for additional support in converting proteins into absorbable amino acids. Many factors, including stress and aging, can make the complete digestion of the food we eat very difficult or impossible, which is why the mild, yet powerful, natural enzymes in **Digest Assure** are so important to the benefits of a healthy diet.
