

\* An 8-week, randomized, double-blind, placebo-controlled study of 33 healthy men compared the effectiveness of this proprietary module of whey protein and leucine vs. an isocaloric carbohydrate placebo consumed before and after resistance training. Subjects consuming the leucine-whey protein supplement experienced greater increases in muscle strength than those on the placebo. Leucine-whey protein supplementation also increased muscle cross-sectional area from baseline.

^ When used in conjunction with an exercise program.

\* In an 8-week, randomized, double-blind, placebo-controlled study of 30 healthy male volunteers comparing 1 set resistance training (RT) + active or carbohydrate placebo to 2 sets RT alone with no supplement, the active group showed equal gains in maximal muscle strength and muscle endurance compared to the control group.

^ In a randomized, double-blind crossover clinical trial that included 20 recreationally trained, healthy male subjects, those taking 10 g whey protein isolate plus 10 g leucine immediately post-workout showed significant increases in key protein (p70S6k & rpS6) associated with muscle protein synthesis.

**SUPERIOR PERFORMANCE PROTEIN**  
Enhanced with More LEUCINE & BCAA than Standard Whey Protein  
Elevated Muscle Fuel with a Premium 4:1:1 BCAA Ratio for Muscle Growth & Recovery\*\*

**Features Only Premium, Ultra-Pure, Fast-Absorbing Protein**  
Only Whey Hydrolysates and a Clinical Core of Whey Isolate & Leucine to Improve Strength & Post-Training Anabolic Response\*\*

**Enhanced with VELOSITOL® & PROHYDROLASE®**  
To Accelerate Muscle Protein Synthesis & Absorption of Amino Acids for Efficient Use by Muscles\*\*

**USAGE BENEFITS**  
**For Pre-Workout & Cardio**  
Clinically Proven Support for Strength, Performance & Stamina\*\*\*  
**For Post-Workout & Cardio**  
Provides Fast-Absorbing Whey Isolate & Hydrolysates Plus BCAA to Fuel Anabolic Muscle Support & Recovery\*\*

**On Non-Training Days & Between Meals**  
Provides High-Quality Protein & Critical Amino Acids to Fuel Muscles while you Recover from Intense Training\*\*

If it's on our labels, then it's in our bottles. Full dosing, full transparency and no proprietary blends. Clinically studied ingredients backed by real science. The most effective and premium performance protein available. Train harder.
