MANUFACTURED BY 

ULTIMATE EYE SUPPORT

10MG LUTEIN • 5MG ZEAXANTHIN

HIGH ANTHOCYANIN BILBERRY • ELDERBERRY
GREEN TEA EGCG • GRAPE SEED • BIOFLAVONOIDS

360 Easy-to-Swallow Capsules

Andrew Lessman's ULTIMATE EYE SUPPORT is a comprehensive blend of ingredients to promote healthy vision and protect the delicate tissues of the eye. It contains exceptional levels of **Lutein** and **Zeaxanthin** – two powerful, protective compounds most highly concentrated in the retina and its macular region, but deficient or ignored in leading multivitamins and eye formulas. **Lutein** and **Zeaxanthin** cannot be produced by the body, so their benefits can only come from food or supplements. **Ultimate Eye Support** also provides standardized extracts of **Bilberry** and **Elderberry** providing a rich supply of purple Anthocyanins to support healthy night vision. We also include 40 mg (60 IU) of our new highly bioavailable, natural Crystalline Vitamin E. We also provide our EGCG-rich **Green Tea Extract** to further protect the delicate tissues of the eye, along with our **Citrus Bioflavonoids**, non-acidic **Vitamin C** and our OPC-rich (Oligomeric Proanthocyanidins) **Grape Seed Extract** that targets the eye's micro-circulation. In short, **Ultimate Eye Support** provides Mother Nature's best tools to support a lifetime of healthy vision and to protect the delicate lens, retina, and macula of the eye.

Always Wear UV-Protective Sunglasses Outdoors.
