

Solgar® has been crafting nutritional supplements for generations—over 65 years. And just like all of our supplements, U-Cubes™ Calcium with D3 Gummies benefit from the extensive science and knowledge behind our name. These beneficial gummies can be taken alone or in combination with Solgar U-Cubes™ Multivitamin Gummies. Each serving of tapioca-based U-Cubes™ Calcium with D3 provides the pediatrician-recommended dosage of Vitamin D3 [15 mcg] [600 IU] per 4 gummies, which offers 75% DV for children 4 years and older and [7.5 mcg] [300 U] per 2 gummies, which offers 50% DV for children 2 and 3 years of age. Vitamin D3 assists in the absorption of calcium to promote healthy bones and teeth.* It also supports immune-system health.*

U-Cubes™ Calcium With D3 Gummies are made the Solgar way. That means that they're crafted in small batches to help ensure the highest quality. They're also non-GMO plus rigorously tested for safety and potency...but never animal tested. The result? A great-tasting gummy that you can be sure is great for your children.
