

Health Ranger Select Concentrated Mineral Drops

contain only the highest quality, concentrated minerals from Utah's Great Salt Lake. Because they're produced by solar evaporation, not an artificial heat source, our drops retain their natural potency and ionic nature.

Suggested Use:

To use, consume it with juice, a smoothie or another food to help mask the mineral taste. You can also use 1/2 tsp per gallon of water to remineralize tap or distilled water for better flavor and increased nutritional support.

Ingredients:

Concentrated Mineral Brine from the Great Salt Lake.
