

ProEnzol® Neuro HPA Calm™ provides a synergistic blend of GABA, Inositol, potent herbal extracts and pHysioProtease® to calm occasional anxiety by helping to maintain normal inhibitory neurotransmitter and cortisol levels required to manage excess stress-induced activation of the HPA axis.*

DIRECTIONS: Take one (1) capsule twice daily between meals or on an empty stomach, or as directed by your healthcare professional.

CAUTION: If you are pregnant, nursing, have a serious medical condition, or take any medications, consult your healthcare professional before use. Use only if tamper-evident seal is unbroken. Store tightly closed in a cool, dry place. **Keep out of reach of children.**
