

# 100% ORGANIC ANTRODIA MUSHROOM POWDER

Forming naturally on the bark of the Cinnamomum kanehirai tree, the Antrodia mushroom grows in the mountains of Taiwan. While the cutting down of these trees is now outlawed, there are several methods of commercially cultivating the mushrooms naturally and organically, so they can be offered as a unique, convenient powder. Our powder is cultured on organic oats, certified for authenticity and lab-verified for purity. Non-GMO, free of artificial colors, flavors, chemicals and preservatives.
