

Other Ingredients: Organic soy protein isolate, organic evaporated cane syrup, organic vanilla flavor and other natural flavors.

CONTAINS NO artificial colors, flavors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, crustacean shellfish or fish.

Directions: Mix one scoop (included in can) of Organic Soy Protein Powder with at least 8 oz water, juice, or milk (use less liquid for a thicker consistency); or mix with yogurt, smoothies, cereal, or meals as desired.

Our Vanilla Non-GMO Certified Organic Soy Protein Powder is made using organic natural vanilla flavor.

Soy is an excellent source of protein and isoflavones. Research indicates isoflavones from soy promote hormonal and antioxidant balance, and support cardiovascular, bone and menopausal health. Suitable for vegans, it provides 300 mg of plant-derived omega 3's from Alpha-Linolenic Acid (ALA) and a high quality source of protein great for those looking to easily add plant-based protein to the diet.[†]

Our Ultimate Organics® products do not contain conventional pesticides, synthetic fertilizers, growth hormones, genetic modification or antibiotics. We source only natural, organic raw materials that promote the use of renewable resources and conservation and are reviewed by USDA-approved organic certifiers.

Our soy protein powder comes from soybeans grown and processed in the USA.

Diets low in saturated fat and cholesterol that include 25 grams of soy protein a day may reduce the risk of heart disease. Each serving of Vanilla Non-GMO Certified Organic Soy Protein Powder provides 17 grams of soy protein.
