Body Ready Makes the Difference

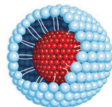

More, better, faster...that's the difference of Solgar® Full Spectrum Curcumin Brain Works. For the first time, Solgar transforms poorly absorbed curcumin from a fat-soluble to a water-soluble phytonutrient...making it immediately body-ready, faster absorbed and more active than ever before.†

One of the challenges with curcumin...there's a limit to how much your body can absorb and actually use. If absorption goes up, greater levels of active curcumin can be released across multiple pathways to support brain health and help fight cell-damaging free radicals.*

Unlike regular curcumin powder, Solgar starts with a 95% curcumin extract...the standardized active form, purified and concentrated from native turmeric root (*Curcuma longa*). For the first time, Solgar surrounds and encapsulates standardized curcumin extract with microscopic, "water-loving" spheres called micelles. Micelles make the difference in absorption and are so microscopically small that they allow curcumin to be readily passed into the bloodstream. At this size, micelles are virtually invisible and have the ability to transform a dense and opaque powder into a crystal clear, body-ready liquid. The clearer the liquid...the greater the bioavailability. The greater the bioavailability...the greater the absorption. And, the greater the absorption...the greater the power of curcumin.*

Faster absorbed, better absorbed, and longer lasting than ever before†—Full Spectrum Curcumin Brain Works. More...Better...Faster...†

Not intended for use by pregnant or nursing women. If you are taking any medications or have any medical condition, please consult your healthcare practitioner before taking any dietary supplement. Discontinue use and consult your healthcare practitioner if any adverse reactions occur. Not intended for use by persons under the age of 18. Keep out of reach of children. Store at room temperature. Do not use if outer bottle seal is missing or damaged.

FULL SPECTRUM Curcumin

Brain Works

NON-GMO • GLUTEN, WHEAT & DAIRY FREE

60 LIQUID EXTRACT SOFTGELS

DIETARY SUPPLEMENT

FULL SPECTRUM Curcumin

Now, Solgar® Full Spectrum Brain Works combines the power of Full Spectrum Curcumin with Bacopa (BacopaMind®), Choline and Vitamin B12 to better support overall cognitive health and function. Solgar brings together the power of traditional medicine and contemporary science in a dramatically different delivery matrix...*

- Solgar® Full Spectrum Curcumin – to support brain health and help fight cell-damaging free radicals.*
- Bacopa —traditionally used in eastern Ayurvedic practices for supporting memory and focus, especially mild memory and focus problems associated with aging.†
- Choline...an essential component of brain cell membranes and a precursor to brain cell neurotransmitter acetylcholine.*
- Body-ready B12 to help support healthy homocysteine metabolism.* Some research indicates a correlation of low homocysteine levels and positive cognitive health.*

Experience how simple staying sharp can be. Solgar® Full Spectrum Curcumin Brain Works...two softgels, once a day...that's what great memories are made of.
