

400 IU Vitamin D

NORDIC

NATURALS®

Helping your kids get the right amount of vitamin D may be harder than you think. Limited sun exposure combined with too little vitamin D in the diet can make it challenging for children to maintain optimal vitamin D levels. This essential vitamin plays a key role in children's immune response, bone mineralization, and many other processes in the body.*

Gelatin free. Certified Vegetarian.

Suggested Use: For 4 years and over, one gummy daily, with food, or as directed by your health care professional or pharmacist. Please ensure child chews each gummy thoroughly.

Store in a cool, dry place, away from sunlight. Do not take if tamper-evident seal is broken or missing. Keep out of the reach of children.

Nordic Naturals products are never sold under any store brand

Warning: Consult with your physician before taking this or any dietary supplement if you have a known medical condition, or are taking medications.
