Caution: If you are pregnant, nursing, have diabetes, or if you are taking prescription drugs, consult your healthcare professional prior to use. While Similase® GFCF will reduce the level of reactive gliadin and gluten proteins in a meal, it is advised that celiac disease sufferers continue with their normal gluten exclusion diet as even small amounts of gliadin can cause adverse reactions in the most sensitized individuals.

Keep out of reach of children. Safety sealed with printed inner seal. Do not use if seal is broken or missing.

Contains no gluten, dairy products, ingredients of animal origin, or artificial colors, flavors, or preservatives.
