DIRECTIONS: As a dietary supplement, take two tablets before or with milk products.

Each of the following quantities of milk products are usually digested by the enzyme activity in two tablets: *Milk or Buttermilk - 4 oz., Cottage Cheese - 8 oz., Yogurt - 5 oz.

*The need for lactase and rennin differs with the individual - requirements may vary. Also, larger serving sizes will require additional tablets. Example: 4 tablets for 8 ounces of milk.
