

ABSOLUTELY NO FILLERS ADDED

Intolerance Complex™: is a full spectrum digestive enzyme formula to address multiple food sensitivities. A combination of enzymes are utilized to help to reduce the common discomforts often associated with these foods while helping to fully benefit from their nutritional value.

Lactase - dairy sugars (lactose).

DPP-IV enzyme activity - dairy protein (casein) and gluten protein found in wheat and other grains.

Xylanase - complex carbohydrates and phenolic compounds, often found in fruits, vegetables, and food additives.

Alpha-Galactosidase - cruciferous vegetables, beans and grains.*

Recommended Usage: Take 1-2 capsules per meal (first bite of food). More may be taken as recommended by your healthcare practitioner.

Our exclusive Thera-blend™ enzymes are effective throughout the entire digestive system, thereby ensuring complete digestion. When formulated for therapeutic purposes, Thera-blend enzymes are customized for optimal performance throughout the entire body.

ATPro™ is a blend of critical nutrients that provide ATP (Adenosine-5-Triphosphate) and enhance ATP production. This coenzyme is essential for nutrient absorption.*
