### The Worlds Finest Amazon Açai Products

From the makers of the worlds purest organic açai nutraceutical and açai dietary supplement products comes Thunder Scoop, the most potent freeze dried açai (a-sigh-ee) antioxidant dietary supplement available.

Freeze drying is a process where temperatures below -20°C are reached to remove moisture using a vacuum with very little heat exchanged unlike conventional dehydration techniques. This ensures that all anthocyanins, nutrients and enzymes remain in their original state. It takes ten kg of our organic açai pulp puree to make just one kg of our organic freeze dried açai powder..

Our açai is fair trade compliant, sustainably harvested and protects the Amazon Rainforest while providing many benefits and jobs to thousands of local families. Visit us on the web at [www.amazonthunder.com](http://www.amazonthunder.com) for more information.
