

Suggested Usage: Take 1-2 capsules 1 to 2 times daily.
Shelf Stable. After Opening Refrigerate to Extend Potency.
It has been found that as we age the number of healthy organisms in the large intestine starts to decline, upsetting this delicate balance, which influences both immune function and digestive health.* This product utilizes bacterial strains known to colonize the human GI tract and features *Bifidobacterium lactis* HN019™.* Clinical studies have demonstrated that HN019™ supports digestive regularity and promotes normal immune system function in healthy adults over age 50.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: Consult physician if pregnant/nursing, taking medication (especially immune-suppressing drugs), or have a medical condition (especially if immune system is compromised). Keep out of reach of children.

Probiotic strains in this product have been identity-verified using DNA-fingerprinting technology.
