

[Crenulin-RCC^{2™}] 255 mg

NOTE TO THE PEOPLE OF CALIFORNIA: The following notice is required by California's Safe Drinking Water and Toxic Enforcement Act of 1986, better known as Proposition 65. This notice does not apply to any other state in the Union.

WARNING: This product contains a chemical known to the State of California to cause birth defects or other reproductive harm.

To put this notice in perspective, the value of lead contained in Oxydrene Elite (a plant-containing dietary supplement) is well within the range and below the mean value of naturally occurring lead levels found in plants growing in non-contaminated soils. A person eating the USDA-recommended 3-5 servings of vegetables daily could consume up to ten times more lead than the stringent maximum recommended by California.

Manufactured for: Novex Biotech® LLC, Salt Lake City, UT 84116

Our 100% satisfaction guarantee: Because no product or program will work for everyone, Oxydrene Elite is backed by our 100% money-back guarantee. For details regarding our guarantee, please visit www.NovexBiotech.com or call customer service at: 1-800-898-5153.

Product resale allowed only through authorized representatives. International distribution is not authorized without prior written approval.

Store at controlled room temperature: 15° to 30°C / 59° to 86°F

Oxydrene®

[Crenulin-RCC^{2™}] 255 mg

Elite

DEEP TISSUE OXYGENATOR*

- INCREASE VO₂ MAX THROUGH OPTIMIZED SYSTEMIC OXYGEN UTILIZATION*
- MAXIMIZE AEROBIC POWER AND PERFORMANCE DURING EXERCISE*
- INCREASE ENDURANCE*
- INCREASE OXYGEN TRANSPORT TO ACTIVE MUSCLE TISSUE*

Clinically Validated to
**Increase
VO₂ Max!!!**

DIETARY SUPPLEMENT

120 Capsules

Novex Biotech.

Supplement Facts Serv Size: 2 Capsules, Serv Per Cont.: 60, Amount Per Serving: Thiamin (Vitamin B1) 2.5 mg (167% DV), Riboflavin (Vitamin B2) 2 mg (118% DV), Niacin 30 mg (150% DV), Vitamin B6 (as Pyridoxine HCl) 10 mg (500% DV), Pantothenic Acid (as Calcium Pantothenate) 8 mg (80% DV), **Proprietary Blend:** 255 mg *Rhodiola rosea* (root) Extract*, *Cordyceps sinensis* Powder*, Coenzyme Q10*, *Schisandra chinensis* (fruit) Extract*, Eleuthero (root) Extract*, L-Arginine Alpha Ketoglutarate 2:1*, *Ginkgo biloba* (leaf) Extract*. †Daily Value not established.

Other Ingredients: Rice Flour, Gelatin, Magnesium Stearate, Silicon Dioxide, Titanium Dioxide, FD&C Blue #1.

DIRECTIONS: Adults take 2 capsules one hour before exercise. Individual results will vary.

WARNING: Do not exceed recommended serving. Not for use by individuals under the age of 18 years. Do not use if pregnant or nursing. Consult your physician before use if you are taking any prescription drugs or have a medical condition. People sensitive to nicotinic acid (niacin) may experience flushing of the skin that is generally mild and transient. **Use only as directed. Keep out of reach of children.**

If you or your health-care provider have any questions, please call: 1-800-898-5153.

NOTE: If you are an athlete competing under International Olympic Committee (IOC) or World Anti-Doping Agency (WADA) rules, it should be noted that the IOC and WADA have banned any substance that artificially enhances the uptake, transport, or delivery of oxygen. Because this ban might include Oxydrene Elite (due to its ability to increase oxygen uptake at peak exercise levels), competitive athletes should check with their trainers and governing bodies before using Oxydrene Elite in organized athletic competition.

Oxydrene®

[Crenulin-RCC^{2™}] 255 mg

Elite

Are You Ready to Go to the Next Level?

Oxydrene Elite's powerful functional extract (Crenulin-RCC²) has been shown in a double-blind, placebo-controlled clinical trial to not only increase exercise endurance when taken 1 hour before a workout, but to help participants actually reach a higher VO₂ Max, a sign of greater oxygen consumption at the tissue level, than the placebo group.*

Moreover, in a simulated time trial ride, the extract resulted in faster race times and a decreased perception of effort than when the subjects consumed the placebo. That's right, the study subjects not only cut 24 seconds off their 6-mile time trial ride, but rated the workout as feeling significantly easier after they consumed the extract. Each of these results indicates that the extract promotes a greater capacity to transport and utilize oxygen in active muscle tissue, thereby increasing peak aerobic capacity.*

So whether you're a weekend warrior, an elite athlete, or someone who simply wants increased endurance and better performance, taking Oxydrene Elite one hour prior to your workout can help you push yourself to the next level.
