

#### DIRECTIONS:

Place mouth over the mouthpiece and breathe in normally through the mouth and exhale through the nose. Prolonged inhalation is not necessary. Do not breathe out through the pipe. When first using, you may experience some coughing or sneezing as your respiratory system clears. For best results use regularly for 15-25 mins per day.

No product or advice is solely intended to replace current medication, diagnose, or cure any conditions. Please see your doctor if you are concerned about the applicability of this product in relation to your own condition. In no event shall Oxford Medical Instruments Ltd. be liable for any direct, special, indirect, incidental or consequential damages caused by the use, misuse, or handling of this product. Liability for this product is strictly limited to the purchase price of this product. Not for sale in Germany.

# higher nature®

## HIGHER NATURE SALTPipe® NATURAL INHALER

1 pipe

#### PRODUCT DESCRIPTION:

The active ingredients are salt crystals from the Transylvanian Praid Salt Mine. The salt's curative properties are well known and used in therapeutic treatment facilities located in the disused parts of the mine.

Salt crystals are located between the porcelain filters in the body of the pipe. When inhaling, the moisture from the air passing the salt crystals absorbs micron sized salt particles, which then enter the respiratory system with each intake of breath, bringing the beneficial effects of natural salt therapy.

#### WARNING:

To be used by one person only for hygienic reasons. Please read the enclosed instructions before use.

#### MANUFACTURED BY:

Oxford Medical Instruments, 1D Cherwell Business Village, Southam Rd, Banbury, OX16 2SD, UK

#### DISTRIBUTED BY:

Higher Nature, Burwash Common, East Sussex TN19 7LX, UK [www.highernature.com](http://www.highernature.com)
