

An Organic Elderberry supplement with plant-based Vitamin C, Organic Beta Glucan, and Zinc for an extra immunity boost.

BETTER BITES FOR BETTER IMMUNITY.

Unlike regular gummies, our immunity bites have no added sugars or synthetics. Each bite is made with real fruit and plant based ingredients. Nothing silly added. Read the ingredient list. See?

We slow-cook them to preserve the nutrients and phytonutrients so your body can easily absorb them. It's Mother Earth's work, that we've made more efficient. We can't take all the credit.

They're delicious too, so you don't have to explain to your little one for the 1000th time that healthy things don't always taste good. Because now they do.

PIECES OF NUTRITION & PEACE OF MIND.
