

A multivitamin for a multitude of things. Like a boost in energy, mood, and memory, plus maintenance of muscles & bodily functions.

REAL FRUIT PLUS PLANT BASED VITAMINS.

Unlike regular gummies, our bites have no added sugars or synthetics. Each bite is made from real fruit plus essential plant-based vitamins. Nothing silly added. Read the ingredient list. See?

We slow-cook them to preserve the vitamins and phytonutrients, so your body can easily absorb them. It's Mother Earth's work, that we've made more efficient. We can't take all the credit.

They're delicious too, so you don't have to explain to your little ones that healthy things don't always taste good. Because now they do.

PIECES OF NUTRITION & PEACE OF MIND.
