

Take a bite of sunshine with these delicious Vitamin D3 bites. Crafted to support strong bones, immunity, and happy vibes.

REAL FRUIT PLUS PLANT BASED VITAMINS.

Unlike regular gummies, our bites have no added sugars or synthetics. Each bite is made from real fruit and plant-based vitamins. Nothing silly added. Read the ingredient list. See?

We slow-cook them to preserve the vitamins and phytonutrients, so your body can easily absorb them. It's Mother Earth's work, that we've made more efficient. We can't take all the credit.

They're delicious too, so you don't have to wonder why healthy things don't taste good. Because now they do.

PIECES OF NUTRITION & PEACE OF MIND.
