

TAMPER EVIDENT SEAL UNDER CAP. DO NOT USE IF BROKEN.*

PREBIOTIC FORMULA™

SUGGESTED USE: Adults take 3 capsules twice daily. Prebiotic Formula may be taken continually to support overall health.*

The thousands of probiotics in our digestive tract are **living organisms that need food to survive**. These probiotics don't eat just any food, they **feed on prebiotic fibers**. Prebiotic fibers are non-digestible to the human body but highly digestible to probiotics. It is important to ensure you get enough prebiotics daily to feed the thousands of microflora in your digestive tract. **Prebiotic Formula** provides your system with **2 grams daily** of Prebiotics to help support the **growth of good bacteria** and to help maintain regularity.*

Our unique formulation provides you with multiple sources of prebiotic fibers such as **FOS, Inulin, Burdock Root, and Arabinogalactan**. Each strain of probiotics has a particular function and the thousands in our bodies work synergistically to maintain a well-functioning digestive system. It is essential to **help encourage all probiotic survival and growth**.*
