

Ashwagandha has been around for over 3,000 years. It is referred to as the Indian ginseng because of its extraordinary stress relieving properties.†

POTENCY: We only use pure ashwagandha root powder and ashwagandha extract which derives the most potent compound in ashwagandha to maximize results. We also added black pepper extract for maximum absorption. Our unique formula delivers 2,100 mg per serving which is the highest and most potent formula available on the market.†

RECOMMENDATIONS: As a dietary supplement, take three (3) capsules daily with meals or as directed by a healthcare practitioner.

CAUTIONS: Pregnant or nursing mothers children under the age of 18, and individuals with a serious medical condition should consult with your health care professional before using this product or any dietary supplement. Do not use if the band around the cap is broken or missing.

**STORE IN A COOL, DRY PLACE.
KEEP OUT OF REACH OF CHILDREN.**

This product has been manufactured by a FDA registered facility.
