

WHAT AM I?

I'm a vegan probiotic powder that also contains organic prebiotics. Prebiotics serve as fuel for probiotics - they help the good bacteria thrive in your gut so your probiotics can get to work! I don't need to be refrigerated because I'm freeze-dried (#readytotravel) and I'm a little fruity, so I taste delicious in water by myself or added to smoothies. My hobbies include long walks on the beach and making your gut a better place. ☺

HOW CAN I HELP?

I contain some of the most clinically documented probiotic strains in the world. My probiotic blend contains acid resistant strains that support optimal digestive health* and peak immune function.*
